HALLOWEEN TIPS FROM DR. G

Are you concerned about the amount of candy your kids will get for Halloween? Although candy is one of the best parts about trick-or-treating, wouldn't it be nice if they got something other than candy from the experience?

OUR MISSION

To be truly modern, today's dentistry should meet all of its patients' expectations. It should offer the most personalized care possible, in an attractive and comfortable environment. It should be dedicated to its patient's dental health, offering all the latest dental techniques and procedures. It should use advanced technology to create a beautiful mouth and a perfect smile for each patient, all while reducing any possibility of pain. It should accomplish all of this with friendliness, thoughtfulness and professionalism.

At our practice, we strive to achieve the ideal in modern dentistry. Our goal is to create a dental practice that is ideal for our patients, where each staff member is a highly-trained dental professional. A practice so agreeable that you feel cared for before you even sit in the chair overlooking downtown Baltimore. We are a practice

Well, why not make your household the FUN household! Companies such as [The Oriental Trading Company](#) and [SmileMakers](#) offer bulk discounts on fun Halloween goodies such as Bouncy "Eye" Balls, Goofy Skeletons, and Halloween stickers.

My Office Manager, Carrie, tells me she always gives out pencils, rulers and erasers for Halloween. Believe it or not, the only gripes she says she gets are from the parents; the kids are always excited to get something different and can't wait to show off their new school supplies to their friends at school!

If you just can't break tradition of giving out sweet treats, don't worry; candy is definitely part of the fun of Halloween! Just be sure that your children brush after eating their sweets.

Have a safe and happy Halloween!

GET TO KNOW US!

The Women of the Front Desk

Last month you met our musicians, Regan and Carrie. This month we'd like you to get to know Amy and Jill, our Front Desk Personnel Extraordinaire!

Amy Dixon (left) is our Scheduling Coordinator and has been with Dr. G since February. Amy started her dental career as a Dental Assistant, and decided to make the switch to administration to better utilize her outgoing personality and love of dealing with people.

"Everyone is so in sync with one another," she says of Dr. G's office, "it's really the best practice I have ever worked for! Plus, I love working with our patients!"

Amy has three great kids, and this summer enjoyed watching her oldest, 17, parasail for the first time - 800 feet in the air!

Jill Offenbacker (right) is our Front Desk Manager and has been in the dental field for almost ten years. She has been with Dr. G's practice for a little over two years, and is our resident expert on how dental insurance works.

"Working for Dr. Garcia has been a pleasure from day one," she says. "He has put together a team of genuine, caring individuals who come together to create the most friendly, comfortable dental experience ever! I consider myself fortunate to be a part of this incredible synergy."

Apart from her dental profession, Jill prides herself in raising two
