### Our Dentists!

This month we would like to highlight our wonderful dentists, Dr. Grace Yao and Dr. Nick Garcia (or, as we affectionately call them, Dr. Grace and Dr. G).

Dr. G has been practicing dentistry for over 14 years and moved his original practice in Hampden to downtown Baltimore in 2002. He graduated from

the University of Maryland and has called Baltimore his home his entire life.

Did you know Dr. G comes from a dental family? You already know that his brother Regan is one of our fabulous hygienists, but Dr. G's father and older brother are also practicing dentists in the Baltimore area! Dr. G's commitment to family is one reason his staff loves working for him. Dr. G and his wife, Kat have a beautiful 4-year-old daughter named Zoe.

A bit of trivia... Dr. G loves tennis and skiing and used to play guitar with Regan in a band back in the day! Just ask him about Van Halen at your next visit!

Dr. Grace has been with the practice for over two years. She is very active in her church and has enjoyed getting to know our clientele over the past couple of years.

### OUR MISSION

To be truly modern, today's dentistry should meet all of its patients' expectations. It should offer the most personalized care possible, in an attractive and comfortable environment. It should be dedicated to its patient's dental health, offering all the latest dental techniques and procedures. It should use advanced technology to create a beautiful mouth and a perfect smile for each patient, all while reducing any possibility of pain. It should accomplish all of this with friendliness, thoughtfulness and professionalism.

At our practice, we strive to achieve the ideal in modern dentistry. Our goal is to create a dental practice that is ideal for our patients, where each staff member is a highly-trained dental professional. A practice so agreeable that you feel cared for before you even sit in the chair overlooking downtown Baltimore. We are a practice that makes it possible for your dental dreams to come true, sculpting a smile that is second to none.
